MUHAMMAD HARITH SHAH KAHARUDDIN (MCKK)
Cup Finals
MCKK (10) vs SEMASHUR (24)

EXECUTIVE SUMMARY

The ninth edition of MCKK Rugby Premier 7s was successfully held at The Malay College Kuala Kangsar (MCKK) rugby grounds from 1st to 3rd March 2019. 23 local teams and one foreign team turned up to compete for the NJ Ryan's Trophy. Shizuoka Seiko Academy from Japan make their debut this year. As usual, the teams were divided into six groups of four teams each.

The carnival began in earnest on Friday, 1st March 2019, when twelve teams played out six group matches. Other group matches will continue on Saturday. SHOAW beat KEVII 19-0, SEMSAH beat INTEGOMB 21-5, and MCKK beat SCKK 36-0, STAR beat SAINA 15-10, SEMASHUR beat KGV 19-12, and SDAR beat ABI 10-0.

Later in the night, the coaches' and managers' meeting was held at the Sayong Resort, Kuala Kangsar.

The crowd grew on Saturday and the top seeds were really dishing it out to their opponents. Saturday matches ended a bit earlier this year to allow teams to prepare for the royal dinner. On that night, the royal dinner was hosted by the Sultan of Perak, Sultan Nazrin Muhibbuddin Shah Ibni Almarhum Sultan Azlan Shah, at the nearby Dewan Jubilee Perak, Kuala Kangsar. The dinner crowd was entertained by a local cultural performance.

Quality of play was evident on the final day, Sunday, 3rd March 2019, with the joint seeds leading the way.

Meanwhile, the carnival continues at the MCKK grounds with a lot of activities provided by the sponsors. The food stalls were well patronised, and the service providers stepped up with better quality offerings. Gamuda build a wonderful display piece inside the hospitality tent and younger rugby fans took part in the rugby set piece competition and e-sports courtesy of TM, and Ford Mustang was on display for the budak koleq as well as other spectators.

Back on the pitch, SSA and STAR won the Shield Final and the Bowl Final respectively. The final of the Plate category was between EC and SHOAW where EC won 24-15.

The Cup final and contest for the NJ Ryan Trophy was between MCKK and SEMASHUR. MCKK was set to repeat 2013 glory but the determined SEMASHUR team put up a good challenge won the Cup for the first time with a 24-10 score in a thrilling final.

Congratulations to SEMASHUR players for their display of good rugby and winning the MCKK Premier 7s 2019 tournament and the NJ Ryan Trophy.

Overall, the ninth edition of MCKK Premier 7s saw an improved quality of games played. There was live streaming through the internet for all the final games played in this tournament to capture the global audience.

We thank all those who have contributed to the success of this tournament and hope to meet again in the 10th edition.

MEDICAL TEAM REPORT

The premier 7's has once again brought the combination of MCOB's, KPJ Healthcare and Red Ambulance to provide the best acute medical care for the players for this tournament.

This year the team was headed by 3 doctors namely myself C83 from KPJ, Dr. Zurairie C02 from Red Ambulance and Dr. Firdaus C04 from HKL.

Our dedicated paramedical staff came from various KPJ Hospitals namely KPJ Tawakkal (Zira, Syasya & Tasha), KPJ Klang (Zaid) , KPJ Ipoh (Solihin) and KPJ Taiping (Helmy). Others included Nik Syamim C13 (UniKL Med School), Apai from Red Ambulance and our freelance physiotherapists Dot and Ija. The medical team would not have done better without all of them.

During the manager's briefing, 2 major issues were highlighted that was concussion and managing heat and dehydration. Coaches were reminded to keep their players well hydrated and the Sport Concussion Assessment Tool SCAT 3 guidelines were used to assess players with suspected concussion.

Day 1 of P7 already had a few moderate but recoverable injuries which gave an indication of what is yet to come the next 2 days.

Sure enough day 2 and day 3 of P7 was a busy time for the medical team. The heat and exhaustion plus the high impact of the games lead to a substantial number of injuries. The availability of our own medical buggy to facilitate and hasten injured players out of the field showed our professionalism.

Fortunately there were no major head injury or concussion injury. However, there were 3 minor fractures (thumb/ forearm/fibula leg) which required plaster/immobilization from Hospital K Kangsar. There was one laceration required suturing referred to HKK. One shoulder dislocation was relocated manually by Dr. Firdaus and team on-site.

Our medical injury registry recorded 30 plus injuries, which were of various nature i.e. lacerations, contusions, bruises, sprains, strains and from various sites. All were attended by the team and treated.

The medical tent facilities, ventilation and fan, ice and refreshments were well supplied and stocked. Communications to the LO's via Oppa was superb and the support from the committee members were tremendous. I would have nothing to add to what the committee has provided for my team. Thank you.

FIELD OPERATIONS TEAM REPORT

This year saw a reduction in our regular sponsors' participation and their promotional booths. Nevertheless, a few new sponsors came in and showcased their products: Gamuda Berhad, a first time sponsor, set up a very impressive booth in the Hospitality Suite showcasing their products (property & township) with an interactive scale model.

Sime Darby Auto Connection is back since their last sponsorship in 2014, This year, with Ford, they brought their flagship muscle car, Ford Mustang for display and test drive as well as 6 Ford Rangers on loan as the tournament's Official Car.

KPJ Healthcare Bhd, with their usual medical checkup booth, MBlnc, promoted tourism in Perak, specifically the Tanjung Tualang tin dredge museum. Unifi had interactive games at their booth while promoting their broadband services. Finally, the host, MCKK and MCOBA, had their own merchandise booth.

A very popular attraction were the rugby apparels, displayed at 4 booths which sold like hot cakes. Most of the rugby jerseys and t-shirts were almost sold out by Saturday afternoon.

The food-stalls saw the regular Kuala Kangsar local delights, some of which have been with us since the first edition. In the last couple of years, their businesses have picked up and this kept their stalls open till late evening as the crowd were still lining up to purchase items even though the event ended at 6pm.

Due to the heat wave and dry season during the tournament, the organizer had placed an ice bath and a water tank at the players area. This helped the players to cool their bodies down in the blazing heat. There was also a swimming pool open for the players to use. This will be a permanent facility in the upcoming years.

At the media tent, the organizer had placed additional cooler fans as their equipment, especially the MCP equipment (Multiple Camera Production), that was being used for live telecast emitted heat which required extra cooling.

SUPPORT SERVICE TEAM REPORT

The support service is the backbone to logistical support for overseas and east Malaysia teams. The operation begins from the team's arrival at the airport until they leave the country.

Whilst timing on arrival and departure have been the major challenge to the committee, transportation within the tournament venue is also as critical, where it must also be pre arranged. The learning curve shot upwards immediately from the inaugural tourney, as the committee decided to communicate directly with team managers, hence eliminating foreseeable complication, e.g. crisscrossing flight schedules.

Transportation depends on the number of overseas team participating in MCKK P7s. At the height of it, we managed 7 teams by employing 4 different coaches. Some teams were able to share a same coach, simplifying our task. While at the venue itself, we hired 2 other medium size buses with an additional MCKK's coaster for daily short trips.

We try to provide top notch hospitality beginning from supplying comfortable transportation and journey, suitable and familiar nourishment, up to accommodation. This is translated by providing refreshments whenever necessary, sightseeing of Kuala Lumpur in particular KLCC Petronas Twin Tower (cost borne by TS Megat Najmuddin), as well as last minute rendezvous in Mitsui Shopping Complex.

ACCOMMODATION TEAM REPORT

The MCKK, P7 Rugby Tournament, saw relatively the same number of teams, officials, referees and other supporting members of the media, sponsors and volunteers attending the event. The people involved in the event start going to Kuala Kangsar from the Wednesday 27th of February and by Friday most of those involved have increased the population of Kuala Kangsar by about 500 persons. If we include the MCKK Old Boys (MCOBS) that have started to occupy their favourite hotels in Kuala, and Ipoh there could be about 600 persons from out the North and South of the Peninsular in Kuala Kangsar.

Most of the accommodation, especially the better ones were booked by the P7 committee for the team, officials and those involved in the event. The more popular hotels that were booked include the newly reopened USAS Resort by the riverside on Jalan Daeing Selili, the Sayong Resort, across the river in Sayong, the Ezee Inn along Jalan Ipoh and a few others. The Shop, popular amongst MCOBS was not booked by the committee this year because of its strict policy of online bookings only.

The most tedious part of booking accommodations for those involved are the non-confirmation of dates of arrival of those involved until the last minute and the logistics involved to place them in the most suitable location.

The 23 outstation teams are normally located in the College itself, with the exception of the foreign and Sabah and Sarawak Team which are placed in hotels. In 2019 the College accommodations has only the 'New Hostel' available while the International Baccalaureate (IB) hostels and the 'Pavilion' Hostel are not available. It is hoped that by 2020 the IB and the Pavilion are made available, so that the placing of teams in hotels are only limited to the foreign teams and the Sabah and Sarawak.

All 23 teams from outstation, their coaches and officials, technical officials and referees are given accommodations from the day they arrived till the day they depart. It is worthy of note, that this is one of the few event that provide full board and lodging for participants.

I Rugby Tournament in terms of hospitality, one can easily say that the MCKK Premier 7s is of a very high standard with the provision of full Board to participants and also during the tournament food and beverages are provided continuously for guests at the hospitality tent.

Except for the main gate, the other two gates are closed at night.

Parking for VVIP and ABR committee members vehicles are parked on the basketball court at the East Wing.

Security

During the tournament days MCKK grounds are opened to public.

During the day MCKK security and RELA personnel are strategically positioned to enhance security around the tournament grounds and MCKK hostels. Team tents near the tournament grounds are closely watched by RELA personnel to deter crime from unwanted visitors to the tents.

During the night MCKK security personnel are on duty, under the instructions of this committee, to enhance the security of the hostels where participating teams stay and the tents on the tournament grounds. The security guards are also tasked to look after any participating school busses parked in close vicinity outside MCKK compound against theft and vandal at night.

HUMAN RESOURCES TEAM REPORT

Following the ninth year of organizing MCKK Premier 7s, the Human Resources department managed to work extremely well and reported to have less setbacks than previous editions. This year, there's 140 present boys & 10 members from Class of 2018 volunteered as crew in 9 departments. The department, especially the Secretariat committee has been working on the preparation of this tournament since October 2018. Logistical arrangements for the MCKK Premier 7s weekend started on February 20th and arrived at MCKK on Wednesday, February 27th. A briefing with the crews was also held a week earlier to help the boys understand their roles and responsibility better.

Issues & Concerns

While Human Resources in general has no matter in question regarding the tournament, the Secretariat committee has highlighted some concerns that may need immediate attention for our 10th edition next year. The concerns related to essentials for crews, damages and condition of accommodation provided to the teams. The recommendations for these concerns are pointed up in the section below.

As a result of this report, here are the recommendations;

1. Prepare drinking waters for our crews periodically in the afternoon and evening.

HR will liaise with Food & Beverages next year to ensure enough drinking waters are distributed among our crew on the field from Friday evening until end of tournament.

2. Vehicle damages due to strong winds.

A car was hit by one of our parasols near the try line (East wing end) used by photographers due to strong wind during the Cup Final match. As the area is commonly used by visitors to park, the Secretariat would like to suggest that Security and Field Operation departments to provide a warning sign to the car owners to park at own risk.

3. Team's accommodation.

HR, through our liaison officers has received multiple complaints related to the team's accommodation. This include uncollected rubbish at New Hostel, water and electricity shortage at USAS Resort. Players complained that the water pressure at USAS Resort on Saturday and Sunday morning were low and this has affected their schedule in the morning. HR will liaise with the school next year to ensure that janitors are working during the weekend to help clean New Hostel and its surrounding. HR also would like to suggest that Hospitality department could inform off-campus accommodation to ensure there's enough running water and electricity for the weekend.

TECHNICAL TEAM REPORT

The roles of the Technical Team are;

1. To ensure that the participating teams, match officials, technical support team and volunteers understand and adhere to the tournament rules.
2. To prepare the arena including playing field, match equipment, scoreboard, volunteers to an acceptable standard of a premier rugby tournament.

These are done to ensure the discipline, safety and smooth running of the tournament.

There are some challenges that cropped up during the 2019 event due to communication issues, for example scores and team name on the score board, mix up of team sheet before matches etc. This could be resolved by giving the event walkie-talkies to the section heads from day 1 and we will improve of section heads briefing before the tournament starts.

The technical team wish to thank all MCOBs and volunteers who have been in the team who dedicated their time and skills over the last 9 years to bring the tournament together. To all of the MCOBs, families, friends and general rugby fans who came along to provide support and atmosphere, your presence is always greatly appreciated at MCKK Rugby Premier 7s since 2011 and for years to come.

SPONSORSHIP TEAM REPORT

The MCKK Premier 7s (“MCKK P7s”) stamps its mark for the 9th edition with another glory, celebrated together with its proud sponsors and supporters. Early preparation was indeed geared with anticipation that there will be less contribution and participation from sponsors for this latest edition due to the current economic and business performance.

We were proven wrong when a great number of 46 corporate sponsors and a band of individuals have yet again step forward and join the bandwagon to ensure another success of the tournament. The MCKK P7s has established its recognition and become the household brand for 7- a side premier school tournament in the Malaysia rugby calendar. Its reputation has garnered confidence from corporate sponsors which remain loyal and has attracted more new sponsors year after year.

The sponsors were celebrated during the MCKK P7s Press Conference held on 18 February 2019 at MCOBA Building, Kuala Lumpur. President of the Malaysian Rugby Union (KRM), Datuk Shahrul Zaman Yahya officiated the event with a gratification note to the sponsors for their contribution to the MCKK P7s, which has significantly elevated local rugby to another level, be it directly or indirectly. Subsequently, a mock cheque presentation ceremony was held in recognizing the sponsors and it was widely covered by local media, both in printed and online portals.

The grand event was held on 1-3 March 2019 at the Rugby Pitch, The Malay College Kuala Kangsar under the scorching sun and heat wave of El Nino. The tournament was as hot as the weather, and was made greater with direct participation from sponsors. Gamuda Berhad, one of the major sponsors of the event has erected their grand-looking booth, showcasing their property projects. Located next to the VIP and Hospitality Suite, the booth has indeed been the main focal point of the venue.

The organizers have also provided dedicated booths and display area to sponsors which allow them to display and promote their products and services. The sponsors booth have become another attraction other than the rugby games itself. TM Unifi, one of our loyal and consistent sponsors has again brought their crowd pulling activities such as E-Games, fun-filled quiz rewarded with goodies and prizes and many other takeaways. Another prominent sponsor was Ford Malaysia, which brought their array of 4WD titan, The Ford Ranger for display and test drive. This year, they have also made special arrangement for their ‘not everybody’s car’ Ford Mustang, which obviously has become a rare sighting of the event.

The Rugby Pitch was presented with ranges of A-Board and advertising materials, displaying the names and logos of sponsors. It allows the sponsors to be widely broadcasted on site to the crowd as well as to be aired in the mainstream media. The media coverage value for the event was estimated to be at RM 1,267,434.88 (Ad Value) and RM 3,802,304.64 (PR Value) which shows significant coverage for event and indirectly to sponsors.

The event for many years has been the ground for many who’s who to let loose, to include prominent corporate and political figures. Besides than the rugby field, the event has become another field for ice-breaking and venue for business deal to take place... with lots of adrenaline and FUN.

Again, the sponsors have again made this happen with great success and we shall be back for the 10th Edition.
